## Tools for Automated Drone Inspections

N-SUITE Software Bundle

N-SUITE is a bundled option for ChangeAerial's software. *N*-SUITE includes *N*-PLANNER and *N*-SPECT for the combined benefits of end-to-end Repeat Station Imaging (RSI ©) workflows.

N-SUITE exploits RSI © end-to-end optimized procedures through a simple 3-step methodology: Gather - Analyze - Act, using time-series aerial images and artificial intelligence (AI) to analyze and extract actionable inspection insights, to deliver industry leading accuracy and efficiency for better outcomes.
